

## Reggiani...ssimo

Concert 29th June 2025

### Cast

[Pascal Carré](#) - vocals

[Marc Vieillefon](#) - violin

Guillaume Jeanne - piano

[Nicolas Seigle](#) or Maud Fournier - cello

More than a simple tribute to one of the most important figures in French chanson, this show was born from the desire of singer-actor Pascal Carré to interpret the repertoire of authors who wrote veritable chanson nuggets for Serge Reggiani, from Boris Vian and Jacques Prévert to Jean-Loup Dabadie, Georges Moustaki, Serge Gainsbourg and Claude Lemesle, to name but a few. But also the poems he has chosen and had set to music, so that the actor appears on stage just as much as the singer, from Rimbaud to Baudelaire, Dimey, Apollinaire, Vidalie, Cocteau, Hugo and so many others.

Accompanied on piano by Guillaume Jeanne, on cello by Nicolas Seigle and on violin by the inevitable Marc Vieillefon, this quartet takes us into a story full of tenderness, love and poetry from Serge Reggiani's repertoire.
